PROFESSIONAL EXPERIENCE

IT Support — Ibadan Digital Academy
Currently Employed | 2 Years of IT Experience

- Provide IT support and technical assistance in an academy environment.
- Help troubleshoot day-to-day technology issues.
- Assist users with technology-related needs.
- Support the effective use of IT resources and systems.

SELECTED PROJECTS

1. Doyin Glamour Unisex Salon — Website

Designed, developed and deployed a responsive business website for a unisex salon.

Key Achievements:

- Built a website featuring service listings, an image gallery and an online appointment-booking interface.
- Implemented responsive layouts for desktop and mobile devices.
- Integrated direct phone and WhatsApp contact options to make customer enquiries easier.
- Successfully deployed the project online.

Technologies: HTML, CSS and JavaScript.
Live Website: https://doyinglamour.vercel.app/

2. BASELINE Realty & Construction — Website

Designed and deployed a professional business website for a construction and project-development company.

Key Achievements:

- Developed a responsive company website presenting construction and project-development services.
- Implemented WhatsApp-based contact functionality for customer enquiries.

- Created a professional digital presence tailored to the company's business focus.
- Successfully deployed the website.

Technologies: HTML, CSS and JavaScript.
Live Website: https://baselinerealty.vercel.app/

3. Proposal App — Interactive Web Application

Designed and developed an interactive web application focused on creating a personalised proposal experience.

Key Achievements:

- Implemented interactive YES/NO button behaviour to create an engaging user experience.
- Added date and time selection functionality.
- Integrated interactive elements and responsive styling.
- Successfully deployed the application online.

Technologies: HTML, CSS and JavaScript.
Live Website: https://proposal-green-phi.vercel.app/

Overall Project Achievement

- Completed and deployed 3 web projects.
- Built 2 business websites and 1 interactive web application.
- Gained practical experience across responsive design, user interaction, website deployment and business-focused web solutions.
